

Introducing the

# Ambiance™ MINI

REDEFINING THE ART OF FIRE

When family, friends, and guests gather outdoors, the Ambiance Model PC15SS, 34" tall "Mini" Table Top fire feature will be there to provide all the dynamic visuals of our full-sized, 92.5" Ambiance PC14 fire feature, but in a much smaller package. Used in multiples the "Minis" create a hypnotic, alluring, elegant, and irresistible effect to your outdoor environment.

**Our Ambiance "Mini" is designed for outdoor use only in a well ventilated area and should never be used indoors or in an enclosed room or enclosure of any type.**

The Ambiance "Mini" is totally self-contained, portable, and operates efficiently on a standard 16 oz. disposable cylinder (not included) and will operate approximately 2-1/2 hours on "High" setting (longer if on lower settings).

## Unique Features

-  For added safety, all units incorporate the latest in burner technology and safety systems.
-  Self-contained continuous spark electronic ignition and "ODS" (Oxygen Depletion Sensor) that will shut the appliance off if there is insufficient oxygen in the area.
-  "Tilt" or "Tip" switch that will automatically shut the unit down if it should fall over or be knocked down.
-  100% "safety pilot system" will stop the gas flow should the burner flame blow out.
-  "Ambi-Fire" Borosilicate, one piece quartz glass tube for added safety, structural strength, clarity, and longevity.
-  Optional Model H2BQCC 5-gallon tank adapter kit allows you to connect your "Mini" to a five gallon propane cylinder for up to 40-45 hours of operating time.

*All Ambiance Fire Features are marketed by AEI Corporation, leaders in premium quality outdoor cooking & comfort heating products since 1966, based in Irvine, CA USA*
